### The Ethics and Politics of Humanitarian Intervention

In February that same year, he notified the Ottoman Empire that the United Kingdom would maintain friendly relations with the Turks only under the condition that the latter respected the Christian subjects of the Empire. The incident invited many questions because many experts believed that early military deployment would have reduced the massive killings to a very large extend.

### The Ethics and Politics of Humanitarian Intervention

However, further contacts are under way. Other people feel that humanitarian intervention has failed because it never helps in solving the issues which caused the conflict or the war.

### International Politics: Humanitarian Intervention

The past sixty years witnessed a global proliferation of international courts and tribunals of almost all sizes and purposes.

### International Politics: Humanitarian Intervention

The employed interventions do not usually indicate whether force will be applied in calming or changing the underlying situation though in the recent past, usage of force has been indicated Jokic 49.

### Humanitarian Intervention

Cambridge: Polity Press, 2008, 160.

### Domestic Politics of Humanitarian Intervention: Public Opinion, Partisanship, and Ideology

Yesterday, Boucher spoke on telephone to Sri Lanka's foreign minister Rohitha Bogollagama.

### Humanitarian Intervention

Consequently, the well being of the people diminishes with the eroding trust. Still, should intervention even multilateral intervention, approved by the Security Council be excluded in all circumstances? She has experience in Asia, Latin America, Africa and Europe. If judges fail to fulfill their functions as law enforcers, they may be viewed as mere paper tigers.

## **16. Humanitarian Intervention and Peace Operations**

And I think that gives it an added credibility and added legitimacy. Since this intervention is partially a consequence of the previous one, there is concern that even if the operation in Mali is initially successful, it may precipitate even further western military entrenchment in the region. Moreover, they are only one among many political mechanisms of international relations and governance.
