Introduction to Special Education Making a Difference

Which of the education quotes was your favorite? I believe that every student is special in many different ways, and the opportunity to help them discover themselves is a blessing. Douglas Sturgeon of Shawnee State University, Dr. From the perspective of many Americans who believe that the vestiges of discrimination have disappeared, affirmative action now provides an unfair advantage to minorities.

About Harvard University

This law provided local and statewide support and protection to children and youth with disabilities, as well as their families. Upon the subject of education ... I can only say that I view it as the most important subject which we as a people may be engaged in. Inclusion works when educators

collaborate, get the support they need, and believe in the value of all students.

Making a Difference

Our curriculum standards need to stand up to other emerging countries on a global platform. And for every student to have to think to do their work. Over the past 30 years, a large body of research has shown that four factors consistently influence student achievement: all else equal, students perform better if they are educated in smaller schools where they are well known 300 to 500 students is optimal , have smaller class sizes especially at the elementary level , receive a challenging curriculum, and have more highly qualified teachers.
