These are occasionally a part of a marriage application, especially in regions that were colonized by France or Spain. Pregnancies often happened soon after a couple's marriage, so you can estimate the marriage date to be 1-2 years before the birth of the first child. Of course, if you live close to your ancestors' church, you should go directly to the church and ask the staff for assistance in locating the records that you need.

Finding a marriage date

American Genealogy Lending Library P. The information obtained from our searches is not to be used for any unlawful purposes such as stalking or harassing others, or investigating public officials or celebrities. Finding a marriage date with family histories and biographies If your ancestors had a family history or biography written about them, it can be a great place to look up family information such as marriage dates.

United States Marriage Records • FamilySearch

These records have the most information of genealogical value, including the couple's names, ages, and residence.
