To add to the confusion, the opening bibliography is divided into 31 separate sections and subsections, making it difficult to locate individual items

— even though the same item is often listed in multiple sub-sections, making the catalogue as a whole much longer than it needed to be.

Philoxeni Cytherii Testimonia et Fragmenta. Dithyrambographi Graeci, 1

Die Bibliotheca Teubneriana, gegründet 1849, ist die weltweit älteste, traditionsreichste und umfangreichste Editionsreihe griechischer und lateinischer Literatur von der Antike bis zur Neuzeit. This would place the Nechepso-Petrosiris text s as having been composed sometime in the 1st century BCE at the latest, although some scholars have speculated that it could have been written as early as the late 2nd century BCE.
