## Law And Morality Essay

Thus, this is the main difference between law and morality. A distinction drawn in post-Reformation Europe Modern trends: In the post-Reformation Europe when the yoke of the Church was thrown off it was asserted that law and morals are distinct and separate, and law derives its authority from the state and not from the morals.

## What is the Difference Between Law and Morality

The main reason why most of the people conform to the laws is that we find a moral obligation attached to follow those laws. The ultimate end of the state lies in promoting the welfare of the people. ADVERTISEMENTS: The fear of punishment acts as a deterrent to the breach of political law.

## Law and Morality

Well, when enough people think that something is immoral they will work to have a law that will forbid it and punish those that do it. So whose moral standards will be considered is the question which Fuller failed to answer.

## Relation between Law and Morality

The rights set out in the were a good guide, if not an exhaustive one, to what our society regarded as fundamental values. The main aspect that defines this right or wrong quality of action under moral terms is the intention of the person committing that particular action. This has made it paramount for the relationship between law and morality to be discussed.
