Roles of State vs Civil Society

Connected and autonomous vehicles, and AI-supported medical diagnostics are areas of application that will soon be commonplace. This dynamism demands constant change, adaptation, and critical assessments of these policies.

As a matter of policy and practice, similar to what has been done in cases of human rights defenders at risk, an effective strategy would be for states to at least provide temporary refuge to persons at risk. On the brighter side, NHRC has been very active in awarding compensation to the survivors. They just need someone to help them, and helping them to believe in themselves and provide right direction.

It may also be that the civil society may ask the proper authority to rectify its policy and amend the course of action.

Who and what is 'civil society'?

According to Hegel, family was the primary stage of the dialectical process. Sometimes in crucial or problematic issues it wants to form public opinion or inspires the people to participate in debates and discussion. Finally, the 1947 law also provides that civilians must fill many subordinate offices throughout the defense establishment, including those of the deputy secretary, the under secretaries, and the assistant secretaries of Defense and even those of the military department secretaries.

Civil society and the Fundamental Rights Platform

Honest communication with factual data helped us to win policy makers' confidence who in turn take up cases of the survivors. Normally in all political systems and particularly in democracies the civil societies have enough freedom to do their duties.

Who and what is 'civil society'?

The United Nations Development Programme UNDP acknowledged an emerging global endorsement of human rights-based approaches to development, based on the PANTHAR principles referring to participation, accountability, non-discrimination, transparency, human dignity, empowerment and the rule of law. However, it should also be noted that in many cases, a victim of torture will be highly wary of State-provided victim and witness protection measures, given that this requires him or her to trust the same State that is responsible for violating his rights to be the one providing him or her with protection. Often in search of protection victims remain silent.

Artificial Intelligence: A European Perspective

No Rights for Rehabilitation and Reparation. The authority does not always respond to these things and in that case the civil society on behalf of the citizens, takes action, that is, asks government or public administration to take proper measures in response to the changes. CS have raised violations with regional and international mechanisms on numerous occasions, assisting in expediting action towards protection of individuals.
