Izbrannye sochineniâ.

The eagerness of these artists to experiment with book printing and illustrations is amply demonstrated by the astounding richness of this collection. All of these editions are carefully selected and represented in this collection. However, it also includes relatively unknown poets whose work has never been republished, for example, Georgii Evangulov, Georgii Zolotukhin, Pavel Kokorin, Boris Pereleshin, and Aleksandr Iaroslavskii.

Izbrannye rechi i stat'i (Book, 1982) [metrics.learnindialearn.in]

It comprises almost 800 books, periodicals and almanacs most of them published between 1910-1940, and thus offers an exceptionally varied and well-balanced overview of one of the most versatile movements in Russian literature.
