## Guilty Pleasure? Communicating Sexually Explicit Content on Dating Apps and Disillusionment with App Usage

Parton 1979 identifies three approaches to child maltreatment: penal, medical, and social. The women in this study experienced sexuality as self-affirming, and had a great deal to say about the positive influence sexuality had on their personal development and identity formation.

## An exploratory study of stalking behaviors and intimate abuse perpetration in young adult women

Adjustment at time of shelter residence. Lalumière 1995 Evolutionary perspectives on sexual offending. Innes 1986 Preventing Domestic Violence Against Women.

## Guilty Pleasure? Communicating Sexually Explicit Content on Dating Apps and Disillusionment with App Usage

Self-reports are practical and easily scored, but respondents may manipulate their self-reports to obtain desirable results e. The heterosexuality as the norm discourse with its inherent gender power inequality is also prevalent.

## Past Thesis Topics

The search for solutions has highlighted not only what we know about violence against women but also what we do not know. The news most consistently reported, however, is that the associations between self-esteem and its expected consequences are mixed, insignificant, or absent. Gender differences in adolescent dating abuse prevalence, types and injuries.
