Science Journals in the Preschool Classroom

Research in Science Education, 11, 44—51. The forum on early childhood science, mathematics, and technology education. International Journal of Behavioural Development, 12, 369—384.

Learning Journals in the K

Exploring Science With Learning Journals. Maybe you were able to transcend the classroom conversations and texts to come up with an original idea.

Edutopia

It contains no jargon and meets the needs of content-area teachers who want to integrate writing across the curriculum. Exploring Literature With Learning Journals.

Edutopia

What could you relate to the most in class or in the readings? What generalizations can you make about you as a writer and learner? Committee on Early Childhood Pedagogy. What was the most persuasive or convincing argument introduced in this class? Eager to learn: Educating our preschoolers. Exploring Mathematics With Learning Journals.

Learning journals in the K

Assessing quality in the early years: Early childhood environment rating scale extension ECERS-E. This work was supported by National Science Foundation grant REC-0529579 to R .

Learning journals in the K

Early Childhood Research Quarterly, 19, 150—158. You might choose an entry that was written when you were thinking on all cylinders, discovering something revelatory, engaging in higher order thinking, struggling with an idea that was only partially formed, or experiencing confusion. If you could do this semester over again more successfully, what would you do differently? Washington, DC: National Academy Press.

Learning journals in the K

Make sure your journal has a complete table of contents, page numbers on every page, and that each entry is dated. Teachers collect the note cards and write responses to the students on the other side. The type of interactive writing students do in learning journals helps them explore complex ideas in the content areas, using their own strengths of analysis and response; the journals then become resources for future learning, group discussions, individual conferences, learning assessment, reports, and progress.
