After World War II, the first Western works based on Marxist methodology appeared. Simulation allows a physician-in-training to be observed directly as he or she evaluates and manages acute neurologic disease. The complex interactions between social behaviour and ecology then received more attention and the sixties and seventies brought a flood of papers on ecology and on some social aspects of breeding ecology.

Soviet Union in World War II

Until 22 June 1941, when Germany launched Operation Barbarossa, the Soviet Union provided Nazi Germany with large quantities of strategic raw materials.
