Rational Choice in an Uncertain World : The Psychology of Judgment and Decision Making by Robyn M. Dawes (2009, Trade Paperback) for sale online

Downloaded copy on your device does not expire. If you have some exposure to one of those and would like to expand your knowledge of the field, this is the best book out there... Amazon Customer says: What started as a required read became a favorite. This method of finding out about the world seems to introduce a rather odd kind of epistemological scepticism as we can have justified claims about the world only in cases where there is enough regularity already in the world to build up a statistical picture of how well cues predict aspects of the world.

Rational Choice in an Uncertain World The Psychology of Judgment and Decision Making

He still works part-time in the Business Faculty of the University of the Sunshine Coast, Queensland, Australia. Also included in the book is an introduction to how codes and coding initiate qualitative data analysis, their applications with qualitative data analysis software, the writing of supplemental analytic memos, and recommendations for how to best use the manual for particular studies.

I know these authors to be excellent writers and I have no doubt that their writing style will be suitable for my students. I continue to envy Flick's command of the field and its ever-expanding literature, much of which he has managed to include in his new edition' - Norman K Denzin, University of Illinois, Urbana-Champaign Description The new edition of Uwe Flick's bestselling textbook has been fully revised, expanded and updated.
