## Sources of the Self — Charles Taylor

It seems to me that we cannot fully know ourselves without restating the problem from that more comprehensive perspective. Actually, I don't think he cites a single woman. The story presented is not an easy one to follow.

## Sources of the Self: The Making of the Modern Identity (9780674824263): Charles Taylor

If the book is expected to have a dust jacket; it is present. He argues that, properly understood, our modern notion of the self provides a framework that more than compensates for the abandonment of substantive notions of rationality. However, he believes t I just finished this magnificent book this week.

## Sources of the Self: The Making of the Modern Identity only £12.01

Instead, Taylor recruits historical, generative phenomenology. The degree of learning is extraordinary, but it frequently gets in the way of understandability.

## Sources of the Self: The Making of the Modern Identity

I suspect that anyone reading this will find somewhere here a startlingly accurate description of the goods by which they give shape to their day-to-day experience. In this work, Taylor strives to show how many of our current problems in moral philosophy and philosophy of mind stem from the principled blindness that naturalistic presuppositions impose on us.
