### Stalag Luft III

My only complaints are the photos could be larger and a map of his area of operations would be helpful.

### History — All Books — Military Writers Society of America

The prisoners waited about a week for a moonless night, and on Friday 24 March, the escape attempt began. By early 1942 they housed 7,000 prisoners from Belgium, France, Poland and Yugoslavia. He took advantage of that and never regretted his choice.

Książka ta powinna zwrócić uwagę wszystkich zainteresowanych życiem jeńców wojennych w Oflagu 64.

### The Oflag 64 Record: maja 2016

The POW population in Stalag XVII B was around 100,000 with up to 40,000 in the camp proper and another 60,000 prisoners outside the camp assigned to Arbeitskommando Work Detail groups to provide labour for nearby farms, factories and businesses. To była ta pora roku, w której zwykle należy przekopać ogródek, więc powiedziałem Knorowi, że zdradzę mu sekret o tym, że byłem trzymany z dala od grupy planującej ucieczkę, podczas gdy Ci budowali tunel, ale nie pozwolili mi w tym uczestniczyć.

### The Oflag 64 Record: maja 2016

Sylt camp held Jewish enforced labourers. From February to April 1945 Neubrandenburg was a waypoint in the forced march westward of Allied prisoners from POW camps further east. Wishing to get out of an escape hatch he found his way blocked by other airmen who were hesitating about throwing themselves out of the aircraft into the howling darkness.

### ESCAPE!

A few seconds later the staccato of machine gun fire ripped through the first room. Lager Sylt was a Nazi concentration camp on Alderney in the

British Crown Dependency of the Channel Islands, in operation between March 1943 and June 1944.
