Elementary schools would be converted into learning hubs with after-school programs and include classes for parents on nutrition and health. In the second phase, it is planned that all schools in Croatia are included in the project.

### **School System in Finland**

Public consultations were open until the end of January 2020. Public consultations on the proposal of Regulations on promotion and rewarding of teachers Ministry of Science and Education opened public consultations at the beginning of January 2019 on the Draft of the Regulations on Promotion and Rewarding of Teachers, Professional Associates and School Heads in Primary and Secondary Schools and Dormitories. The National School Council and the Ministry of Education worked in tandem, and corporations also had an important role in the negotiations.

## **Education system**

Each level in the qualifications frameworks describes the knowledge, understanding and practical capability achieved by an individual who has completed a qualification, syllabi or competence module at that level. Three reform commissions after the Second World War lay the foundation for later reform.
