According to Hylton, Black hair is not as fragile as is commonly thought. Sad and informative - though I've been aware of most of it throughout my life.

The color complex : the politics of skin color among African Americans / Kathy Russell, Midge Wilson..

There is no theoretical reason to expect the political arena to be more immune to colorism than are other arenas of life — and indeed, our research shows that it is not.

The Skin Color Paradox and the American Racial Order

The role of skin color and features in the Black Community: Implications for Black women and therapy. Cambridge MA: Harvard University Press. Your hair is Celebration in the world.

The color complex : the politics of skin color among African Americans : Russell, Kathy : Free Download, Borrow, and Streaming : Internet Archive

The pros are one, the quality of the history of color stratification in America and the black community and two, I learned about a few black historical figures I was unaware of previously. Instead of wallowing in a state of self-loathing and pity, people need to get back on their own two feet and stop looking to others to signify their self-worth. Recommended additional reading-The Black Bourgeoisie by E.

Vita

In our usage, colorism can be manifested within or across racial and ethnic groups and can be multidirectional although it usually is not. After all, both are based on the same underlying fallacy that links appearance and descent to desirable or undesirable human qualities. Until then, the possibility remains that some people ignore a potential politics of color because they think a politics of race is all that is needed.

cchair

Princeton NJ: Princeton University Press. This is a good introductory book for those who are unfamiliar with the history and issues of color discrimination within the black community.
