The dictionary is also more accessible for Russian speakers, with the addition of contextualizations on the Russian-English side to help users select the most appropriate translation.

A new English

This edition also contains many enhancements, including new supplementary material with a correspondence section, grammar help, and extra sections on the pronunciation of Russian and English. NO changes have been made to the original text. The site is regularly updated with the latest new words and meanings from Oxford's modern languages research programme, the Oxford Languages Tracker.
