Hamlet's Melancholy: The Transformation of the Prince

In part one, Hal and Falstaff are impersonating the king and the prince, and what Hal says shows the direction he will take later. Under these conditions it is little wonder that he became melancholy, and was in doubt whether or not it was worth while to live.

As the play progresses Lear is slowly purged of his hubris, through a combination of suffering and the redemptive force of love. Therefore, Hal understood the challenges of ruling and wanted to escape them. What need you five-and-twenty, ten, or five, To follow in a house where twice so many Have command to tend you? He believed that traits changed or acquired over an individual's lifetime could be passed down to its offspring.

Common Questions about King Henry V Q: Is Falstaff more of a father than the king to Prince Hal? Shakespeare shows in King Lear that the main characters of the play experience a transformative phase, where they are greatly changed through their suffering. He also chooses law over fun when he needs to pick one.
