Costa Rica's farmers harvest the rain to counter droughts

Costa Rica is proud to be leading the world by putting this approach into practice.

Costa Rica Weather Patterns

But the rich are getting richer and the poor are getting relatively poorer. Dealing successfully with those types of situations needs more, including setting up water-saving habits and using drip irrigation.

Costa Rica Weather Patterns

Occasionally, all dancers will pause mid-dance so that one person can shout out a bomba.

Zambia Politics News

As a result, we are one of the few countries ready to exceed our commitments under the Paris climate agreement.

Opinion: The latest climate science must mobilize us, not paralyze us

CAFTA and Costa Rica Previous attempts to privatize or break up the Instituto Costarricense de Electricidad or the Costa Rican Institute of Electricity ICE , the emblematic government entity that controls electricity and telecommunications, as well as convert the pension and public health plans, failed when there were large strikes and public demonstrations by concerned citizens. To avoid severe economic and social shocks and to protect essential ecosystems, we urgently need to limit the increase in global temperature to within 1. At times, Arias steps in when his brother has gone too far.
