. In this way it can be likened to a sort of natural water-world, where you can enjoy calm canals, open rivers or the rough waters of the sea all in the space of one small.

### Business in South Africa

South Africa is a good example of where understanding cultural differences for a business traveler might make the difference between sealing the deal and blowing the deal. Development industries and conservation also play a big role in the business sector, as does the exportation of products such as fruit. If both VAT and corporate income tax apply, the postfiling index is the simple average of the scores for each of the four components.

### Top 10 challenges of doing business in South Africa

Included are: the number of procedures entrepreneurs can expect to go through to start up and formally operate an industrial or commercial business, as well as the time and cost to complete these procedures and the paid-in minimum capital requirement as a percentage of gross national

income GNI per capita. Taking 13 procedures and 127 days, it is also a relatively seamless process, although several steps must be completed that may be quite foreign to firms new to the country.
