## KonoSuba

Or maybe attempting to explain life, the universe and everything in a paperback is too big a task to be expecting a well researched and interesting read. This book was especially interesting when I attempted to follow the footnotes by looking at online sources in science and economics. Lucas, in turn, is planning a major art heist with the aid of four demented criminals.

## Will: A Wonderful World

The second volume was released on December 1, 2017. A visual novel adaptation for and , KonoSuba: God's Blessing on this Wonderful World! Told as a series of separate simultaneously occurring events, WAWW is a beautifully drawn graphic novel.

## Wonderful World on Apple Books

I've collected children's books for many years starting almost 30 years ago as a teacher and then a mom.

## WHAT A WONDERFUL WORLD

The light novel series features a divergent plot and illustrations by Kurone Mishima. Some like quantum theory especially the ones in Part 4 of the book were a bit difficult to understand. It's a death of sorts, of course; in the afternoons I don't have the energy for anything of value, but conveniently I already told the stories that I really, really needed to tell, so it's fine for now.

## Wonderful World on Apple Books

Some people are very quick to look at all of the bad things happen, and sometimes it's good to just sit and take in all of the beauty. It's pretty depressing to be honest although there are glimpses of hope.
