How Manuscripts Are Organized Manuscript librarianship is based on the premise that the context in which documents were created must be understood before their content can be identified, authenticated, and interpreted. An alternative would be to use a legal pad.

## How to Catalog a Book Collection

Scholars must supplement these tools with sound background research on their topics and a willingness to wade through often large and complex bodies of materials. Not only will your shelved collection look tidier, but it can also make books easier to find if you remember their shade. But if your books are gathering dust in a forgotten corner, these ideas will show you how to turn your book clutter into stylish displays.
