**Moses Hess: Prophet of Communism and Zionism (Modern Jewish Masters, 2): Avineri, Shlomo: 9780814705841: metrics.learnindialearn.in: Books**

The kingdom of God, an earthly Utopia, would be realized by economic restructuring and social action-the dreamy eyed vision of a collective welfare state of leftists the world over. First of all, it was my own Jewish people who, since that time, began to interest me and enchant me more and more.

Out of this inexhaustible fountain of family love have the redeemers of humanity drawn their inspiration. This friend married a Polish Jewess, by whom he had a number of sons, who all possess Jewish features in marked degree. It is true that Christianity shed a certain glow during the dark ages of history, after the sun of ancient civilization had set forever; but its light only revealed the graves of the nations of antiquity.

**Moses Hess, Prophet Of Communism And Zionism by Shlomo Avineri**

Christianity found among the Northern races a natural inclination for that which in Christianity itself was only a result of the decay of the ancient nationalities, namely, that view of life which sees neither in Nature nor in history the unified divine life, but only the isolated existence of the individual.

**Moses Hess, prophet of Zionism (1963 edition)**

All Communist but the Bolsheviks wiped out the Mensheviks pretty quickly. Were they not Teutomaniacs and French devourers? A few years afterward it was this same Hecker who addressed a memorial, on behalf of Baden, to the Berlin Landtag of the Confederacy, favoring the emancipation of the Jews. Socialism is universal like Christianity, but group-orientated like Judaism.

**Moses Hess began both Communism and Zionism, which are one in the same.**

The pain and agony which, during the Damascus affair, was only a transient feeling, became now a dominating trait of my character and a lasting mood of my soul.

### **Moses Hess, prophet of Zionism (1963 edition)**

The entire past history of humanity originally moved only in the circle of race and class struggle. It cannot enter my mind, at present, to deny the Teutonic race, and especially the German people, whose mental power I esteem so highly, the ability to rise, by means of progress, above race prejudice.

It was told to me by Ludwig Wihl. We are on the eve of the Sabbath of History and should prepare for our last mission through a thorough understanding of our historical religion. But the nations have turned a deaf ear to the voice from the distance and have lent a not unwilling ear to the tumult of reaction in their own midst.

In the social sphere, it is not yet completed; it is at present developing its last race and class struggle, in order to bring about a reconciliation of all opposites and to establish an equilibrium between production and consumption, and finally to reach that perfected and harmonious course of life which characterizes every age of maturity. Both religions teach resignation and submission, and Turkey follows the same policy in regard to Palestine that Austria exercises in Italy. Or in another application, the execution of a terrorist attack thesis , can create the desired antithesis a frightened public , creating a synthesis the surrender of more rights and the growth of state control.
