In philosophy of mind, functionalism is a philosophical position holding that mental states beliefs, desires, being in pain, etc. One major criticism, especially of Contingency, irony, and solidarity is that Rorty's philosophical 'hero', the , is an elitist figure. In the late 1930s, he wrote a number of short poems in that language, and these poems' sparseness—in contrast to the density of his English poems of roughly the same period, collected in *Echo's Bones and Other Precipitates* 1935—seems to show that Beckett, albeit through the medium of another language, was in process of simplifying his style somewhat, a change also evidenced in *Watt*.
