Style Guide for Editions and References

There are a total of six environments in which one side or the other is represented

by a small number of learned, colloquial or specialized vocabulary, so that in 24 William Labov twelve environments, contrast is marginal; monosyllabic and minimal pairs are not to be found.

For Further Reading:

The most recent events are listed on the right, and the events preceding them in the two columns on the left. Chivalric Romances: Popular Literature in Medieval England. Second is the asymmetrical distribution of Table 3.

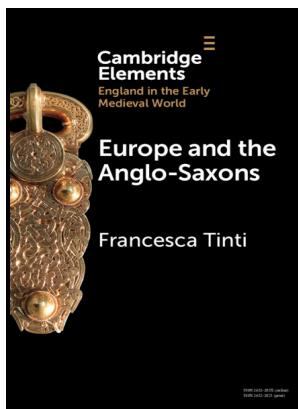

Middle English studies : presented to Norman Davis in honour of his seventieth birthday

The remaining 18 William Labov short vowels then readjust their positions along the nonperipheral track to achieve maximal dispersion. Furnivall and then into the Clarendon edition by W. The text appears as much more consistent, as words are repeated frequently throughout the text, and the variety which was so characteristic of Old English is absent.

Dialectal Analysis and Linguistically Composite Texts in Middle English on JSTOR

The manuscript contains two hundred and fifty parchment leaves of medium thickness and quality, with a velvety finish. A large number of spaces have been left, with guide letters, for large capitals that have not been added.
