Industry Focus: Government

You have multiple levels of funding coming in, and each source has different requirements on what it can be used for or who it can serve. They are in the main funded by taxpayer dollars but delivered by nonprofits whose work is underwritten through government contracts and grants.

What's the most important issue the government should focus on?

That may mean we need to use public resources differently for certain groups of people to ensure they are able to thrive. It used to be that internal costs challenges were a function of competitive pressures and changing markets.

Focus on Government Relations

That Powerball could have been distributed and given to everyone. Such firms should be financially sound; profitable and well managed, or their likely success rates will be low.

Focus on Government Relations

We partner with government where public money meets the people and seek to bring in the people most affected by the public funding to define the outcomes they want government to work towards. It has not been helping them thrive.

Government is no plan to change the restrictions on private gatherings... Focus on blocking the spread of

Particularly in the past, this has set a tone of focusing on reducing fraud, waste, and abuse from individuals instead of how a funding stream can achieve measurable results for a particular community.

Government Should Focus On Bandits More Than Nnamdi Kanu, Sunday Igboho

That happens mainly at the county and state levels, where the services are provided.
