Faust's Metropolis: A History of Berlin

The Ugly: It is okay for the writer of such a big survey study not to be an expert at everything. In reality, however, much of the area, including the land around Berlin, was still in the hands of the heathen Slavs and belonged to neither.

Faust's Metropolis

Whereas I felt in many cases she was including too many quotes telling exactly the same thing, come half of the book you start doubting whether she had included enough to prove her story.

Faust's Metropolis: A History of Berlin

Soldiers came into cellars brandishing revolvers and dragged the women into hallways or half-bombed rooms; there they were taken by individual soldiers or gang raped and sometimes murdered. I find the style and the energy of the writing to be much more important for overall impact, and this book delivers style as well as substance. I have read another book about the history of Berlin, and so was already familiar with Berlin's history.

Faust's metropolis : a history of Berlin : Richie, Alexandra : Free Download, Borrow, and Streaming : Internet Archive

The author is most eloquent in describing the recent history of the city.

9780786706815: Faust's Metropolis: A History of Berlin

But by far the most important settlements for the future of Berlin were two gigantic fortresses which now lie only a U-Bahn ride away from one another on either side of the city, but which at one time represented the borders of two great territories: Kopenick to the south-east, and Spandau to the north-west. Great books ought to inspire as well as inform
