## Assisted Living Options for People With Disabilities

Many elderly individuals do not require assistance in core ADLs, but still have impairments which prevent them from performing these IADL activities without occasional or constant help from other persons.

## Important IRS Tax Tips for Family Caregivers

In the future, we are likely to witness growing diversity in the types of residential and service options available to the disabled elderly which allow them to choose a living arrangement and service package that is tailored to their own specific needs. This chapter examines the multiple and evolving roles of family caregivers of older adults and the impact of assuming these roles on caregivers' health and well-being. Longitudinal studies of psychological health effects among caregivers over time suggest that negative effects vary across the caregiving trajectory, although there may be critical periods when caregivers are most at risk for elevated psychological distress.
