Henri de Toulouse

His parents were the Comte and Comtesse Toulouse-Lautrec-Monfa a count and countess and if Toulouse-Lautrec were to have outlived his father, he would have inherited the same title.

Toulouse

In one 1893 work on paper in the Polk Museum show, Guilbert stands with her right arm dramatically raised in the air, her back arched slightly; her face is contorted into a smile. Henri de Toulouse-Lautrec in 1894, at the age of 30. Toulouse-Lautrec syndrome is named after the famous 19th century French artist Henri de Toulouse-Lautrec, who is believed to have had the disorder.

Tragedy & Brilliance: The Life of Henri de Toulouse

Although Lautrec was an outsider in society and at the fringe of the Paris art world among the avant-garde, he would meet with wide acclaim and financial success through his posters, prints, and illustrations for journals and magazines.

Who Was Henri de Toulouse

Hollywood filmmakers, for example, have not been able to resist his allure: John Leguizamo memorably played the Post-Impressionist in the hit 2001 film *Moulin Rouge!* He showed deep sympathy for them, capturing qualities that they held in common with the rest of humanity, rather than emphasizing what set them apart as outsiders. He died at the Domaine de Malromé, owned by his mother, in Gironde, on the 9th of September 1901.

7 Things You Didn't Know About Henri Toulouse

Lautrec's influence on the development of the poster was enormous.

Who Was Henri de Toulouse

The times and the soul of the period end of the XIXe century is well respected. Highly intelligent and always bitterly aware of how a normal, pleasurable, successful life in society remained out of his grasp due to his deformity, he developed a stinging wit. And even life in the brothels, where he spent a great deal of his time-as an observer as well as a customer.

Who Was Henri de Toulouse

Diagnosing Toulouse-Lautrec syndrome is often done in infancy.

Lautrec (1998)

While he developed an adult-sized torso, his legs never grew beyond those of a child. A son of the wealthy and aristocratic Lautrec family line, Toulouse suffered the effects of several hundred years of inbreeding; he was genetic dwarf. The young Pablo Picasso, for example, was obviously influenced by them.
