## 7 Ways To Handle Diversity

But this does not negate the fact that religion and spirituality are also sources of inspiration and wisdom that have contributed to the development of democratic societies and continue to urge us towards relationships of peace, justice and healing. Religious imperialism is a form of religious ethnocentrism in which people, often a subordinate group, are required to convert to a different religion.

## 7 Biggest Diversity Issues in The Workplace

This influences culture as each caste has a distinctive occupation as per the social status ascribed to that caste. These countries face significant ethnic pluralism that is nevertheless containable through an effective system of distribution that upholds the integrity and legitimacy of the state.

## Managing Cultural Diversity in the Workplace, Part 2

Have procedures in place for people with physical or mental disabilities.

## Religion 101: Religious Imperialism

Michelle Lelwica is an associate professor of religion at Concordia College.

## Ten ways to support diversity and inclusion in the workplace

When you have diversity in your organization, people bring their own background and experiences to brainstorming. If your team is homogeneous, invite someone who is a different gender, cultural background, or age, to weigh in on an initiative or project.
