Things shift into high gear when an obsessive toy collector name Al McWhiggin, owner of Al's Toy Barn, kidnaps Woody. The root command that was executed was actually very common: it was used regularly to clear out files that were no longer needed in a certain file directory. What do you think about this wild story? This becomes a problem far too often, dragging the game's overall score down a bit and keeping the graphics from a potentially higher visual score.

The whole cast and story is one that we have grown to adore and cherish, and one that children continue to discover each year. Otherwise, the environments are colorful, easy to get around, and fairly free of the depth-perception problems all too common in PlayStation games that involve jumping from one place to another.

But, Jessie's a toy at heart and would do anything to give joy to a little girl again. So, they loaded it up carefully, wrapped in blankets in her Volvo to get it back to Pixar and try to unravel the whole mess.
