The surrealists, says Bataille, claim to affirm what is traditionally despised: sexuality, filth, and so on.

**Elford Sparke Langworthy (abt.1774)**

He attributed this phenomena to animal electricity, meaning he believed there was electricity in the. One of the early pioneers of bioelectricity, he is known for his extraordinary work on the nature and effects of electricity in an animal tissue, which later led to the invention of the voltaic pile. Luigi Galvani had a long and distinguished career as an obstetrician and surgeon, following in the footsteps of his doctor father.
