Visions: Medical Education and Surgical Training in Evolution

In 1958, a Hahnemann administrator noted that Bailey and his team brought in some eight hundred thousand dollars a year.

Larry Weiss, MD

One afternoon in July, hundreds of people gathered outside Hahnemann, on North Broad Street. Vearrier oversees the research agenda for the Division of Medical Toxicology and mentored medical toxicology fellows on their research projects. Bailey, who attracted patients from around the world, was one of a number of Hahnemann physicians working at the medical vanguard of specialty procedures.

Update from the ACGME Review Committee for Emergency Medicine EMRA

Hospitals across the city hired more staff and adjusted workflow patterns.

Update from the ACGME Review Committee for Emergency Medicine EMRA

Winter 2020: Ted Corbin, MD, a professor in the College of Medicine and co-director of the Healing Hurt People program at Drexel, was mentioned in a magazine article about the program's co-director, John Rich, MD, a professor in the Dornsife School of Public Health.

Larry Weiss, MD

McKeever RG, Vearrier D, Jacobs D, LaSala G, Okaneku J, Greenberg MI J Med Toxicol. Freedman hired battalions of consultants, who

specialized in health care, technology, and management.

The Death of Hahnemann Hospital

He talked about opening a pediatric clinic to serve poor families. The nurse-consultants sometimes second-guessed the diagnoses of residents. Unfortunately, the solutions demand a lot of capital.

Department of Emergency Medicine

All or part of a floor might close one week and reopen the next, resulting in the frequent movement of patients. Vearrier has conducted research on the epidemiology of drug abuse and the perception of risk associated with illicit drugs.

Emergency medical management; the twenty

August 1, 2019: Ted Corbin, MD, professor and vice chair for research in the Department of Emergency Medicine, and John Rich, MD, a professor in the Dornsife School of Public Health, were quoted in a story about Healing Hurt People, their trauma recovery program. Pennsylvania Hospital, which is widely considered the oldest in the country, opened in Philadelphia in 1752.
