## Handbook of Clinical Nursing Research

The interdisciplinary team model is the foundation of care in other health care providers, such as hospices and complex chronic care management practices.

## AHLA Post

We note that, where these federal requirements are more stringent, HHAs are expected to comply with the more stringent federal requirement.

## Handbook of Subacute Health Care

Due to the significant volume of public comments and the rapidly changing nature of the HHA industry at that time, this rule, in its entirety, was never finalized. About Stages Stages is a 15,000 square foot 16-bed sub-acute adult residential treatment facility.

## 13 Things to Know About Sub Acute

Social Issues - Adolescence

Handbook of subacute health care  
-Handbook of subacute health care  
Notes: Includes bibliographical references and index.  
This edition was published in 1995

## Rehab (SAR)

The commenter noted that oftentimes caregivers play a significant role in care delivery, as indicated by the proposed rule's inclusion of specific requirements related to caregiver education and training. Comment: A commenter suggested that the individualized plan of care should be required to identify caregiver needs.

## Subacute planning framework

We agree that HHAs will experience varying levels of intensity and duration when investigating patient complaints.

## Family of Caring

We proposed to revise § 484. Some commenters suggested spreading the communications regarding patient rights across two visits, while others suggested a more extended approach. Contemporary Long Term Care, pp.

## Laurel Health Care Company » Laurel Health Care Company

While there may be benefits to establishing more inter-HHA consistency in the application of this requirement, we do not believe that those benefits would outweigh the cost of reducing HHA flexibility and innovation to determine the best possible way to achieve the overall goal of reducing unnecessary emergent care visits and hospital admissions. One commenter stated it is a much needed addition. Modern Healthcare 1993, December 13 transitional facility, step-down facility not specified not specified subacute care costs about 30% less than traditional hospital care on a case-by-case basis Burns, J.
