5 tricks for Word in Office 365

Instead of going back and forth, writing each item onto the list each time you see a word, you can simply highlight each word and press CTRL + F3. Drawing on the screen with multiple pressure levels requires an app that supports the pressure levels. This includes anything from the easy Fresh Paint app included with Windows to Photoshop on the desktop.

6 Tips for Mastering Microsoft's Surface Pro

Enabling the Raise to Listen feature allows you to listen and reply to audio recordings like you would a normal phone call. Last updated on 5 Apr, 2020 The above article may contain affiliate links which help support Guiding Tech. There are two more choices here than using Shift + F3.

15 simple, secret Windows tips and tricks designed to save you time

In this post, we are going to talk about the top eleven Microsoft Word Brochure Templates. Afterward, swipe left to delete individual sites or tap Clear in the bottom-right corner to erase history within one of four resulting time frames.

5 tricks for Word in Office 365

You can change multiple words with this VBA macro. Click it to insert it at desired place.
