But complementary and alternative treatments can often be combined with your doctor's care to help relieve signs and symptoms.

Molecular biology of lung cancer: Diagnosis and management of lung cancer, 3rd ed: American College of Chest Physicians evidence

Feeling short of breath can be scary.

The biology of lung cancer

For example, targeting mutations such as epidermal growth factor receptor EGFR with tyrosine kinase inhibitors has been particularly successful as a treatment modality, demonstrating response rates in selected patients with adenocarcinoma tumors harboring EGFR mutations that are significantly higher than those for conventional chemotherapy. Lung cancer screening is generally offered to older adults who have smoked heavily for many years or who have quit in the past 15 years. Lung cancer remains the leading cause of cancer mortality in men and women in the U.
