A ticker symbol smart tag in Excel can present the latest stock information in a cell within a workbook, for example, while a contact name smart tag in a Word document can display options to send an e-mail message to—or schedule a meeting with—that contact. We think in this particular case Microsoft certainly listened to it's user base, and made necessary changes to all problem parts of the software. Using IQ Pro, you will be highly organized: No longer will you need to hunt for spreadsheets, or other customer data.
