Building Capability to Manage Under Normal Conditions Helps Prepare for a Crisis — Pangaea Information Technologies, Ltd.

This research develops an empirical analysis based on a field study capturing the perceptions of key decision makers at firms within digitally related sectors. The last piece to more effectively managing through a crisis is building the discipline to follow best practices, even when it seems like short-cuts or workarounds could help treat more patients.

Big data analytics in innovation processes: which forms of dynamic capabilities should be developed and how to embrace digitization?

Our results are summarized in.

Building information technology capability and organisational learning — Macquarie University

By the time ten months had passed, the company was utilizing a serverless platform that matched the capabilities of their in-house resources. By exploiting these two dimensions digital and physical , firms can strengthen actions related to communication and marketing.

Big data analytics in innovation processes: which forms of dynamic capabilities should be developed and how to embrace digitization?

Technology knowledge alone is not sufficient to stimulate innovation.

Building capabilities in water data and technologies

Definitions and themes were partly informed by the existing literature and partly emerged from in vivo data. Our paper raises a number of questions for future research.

Building capabilities in water data and technologies

The issues are complex and require understanding a process in which technical and economic factors interact with individual and institutional actors' resources, visions and interests in a context of evolving technical, market and political trends. The added value is to intercept him in the micro-moment in which he is ready to listen to us.
